Description

Basic information about the drug BosentasDescription BosentasOrder, delivery and payment Bosentas

Bosentas (62.5 mg) is an effective anti-tumor agent used to treat pulmonary hypertension. This is the generic drug Tracleer, manufactured by the Indian pharmaceutical company Tsipla. The active ingredient is Bosentan, the correct English spelling at the international level is Bosentas.

Buy Bosentas

You can buy Bosentas (62.5 mg) by visiting the official website of our online pharmacy.

Bosentas: price

Since Bosentas belongs to generics, its cost is much lower than that of the famous and more expensive original Tracleer. However, its effectiveness is no less than that of him. We always have the opportunity to purchase the required amount of the drug at an affordable and optimal cost, since we work with drug manufacturers and their supplies directly.

Bosentas (62.5 mg): patient reviews

Patients appreciate the drug Bosentas, noting a decrease in the symptoms of pulmonary hypertension already 1-2 weeks after its regular

intake. To achieve a lasting therapeutic effect, it is necessary to take the medicine only as directed by the attending physician.

Description

These are film-coated tablets. The content of the active substance in each of them is 62.5 mg, in total there are two blisters of 10 pcs in the package. Bosentan is a non-selective antagonist that lowers vascular resistance in order to increase cardiac output without stress.

Bosentas is a medicine that can be taken with or without food. The standard dose at the beginning of treatment is 62.5 mg twice a day, but it must be monitored by the attending physician based on clinical indications for treatment.

Bosentas: indications for use

Pulmonary hypertension stage 2-4.

Bosentas: contraindications

Of the contraindications, it is necessary to note allergic reactions to the drug and its joint use with cyclosporine. Pregnancy is also a contraindication, as well as severe forms of liver and kidney failure.

You can place an order for the required amount of medicine, pay for it and arrange delivery by filling out an online application in the appropriate section of the pharmacy website.

Ordering Bosentas medicine
