Where to buy Erlonat (Erlotinib 100 mg)?

The pharmacy offers to buy a powerful anticancer drug Erlonat from the Indian company Natco Pharma Ltd. The drug is approved in many Asian and European countries for the treatment of pancreatic cancer and for the treatment of severe stages of non-small cell lung cancer. Before using, be sure to consult your doctor!

Erlonat Price (Erlotinib 100 mg)

The Indian-made drug Erlonat in composition and effectiveness fully corresponds to the original product - Tarceva, developed by the Swiss pharmacological company F. Hoffmann-La Roche Ltd. The manufacturing license of the Indian company Natco was transferred to WHO due to expiration, which allowed the generic manufacturer to release a drug containing erlotinib that is available to many patients around the world. Erlonat is certified and manufactured under the supervision of WHO and the company of the copyright holder. The low price of the drug in the pharmacy is ensured by direct supply of the drug from India, from the Natco Pharma warehouses.

Reviews of Erlonat tablets

Erlotinib contained in Erlonat tablets was investigated at the stage of synthesis; during the study, a powerful inhibitory effect of the active agent on tumor cells of a malignant and non-malignant nature was revealed. This made it possible to expand the scope of the drug and help more patients. Reviews of those who have undergone Erlotinib treatment note the low toxicity and high efficacy of the drug.

Description of Erlonat

Erlonat are film-coated tablets containing 100 milligrams of erlotinib each. The package contains 30 pills, placed in a polymer bottle with brand marks.
